# Hoang Bao Ngoc

Final-year student – Applied Information Technology

Hanoi · +84 900 000 105 · ngoc.hoang@example.com · linkedin.com/in/ngoc-hoang-demo

## SUMMARY

Final-year student focused on multimodal learning. Looking for a research environment to complete my graduation thesis on vision-language models before graduating in January 2027.

## EDUCATION

**VNU International School** *09/2022 – 01/2027 (expected)*

*B.Sc. in Applied Information Technology · 4th year · GPA: 3.41/4.0*

## EXPERIENCE

**Research Assistant – Demo AI Research Group** *02/2026 – 08/2026*

- Built an evaluation harness for image captioning models on 5 public benchmarks.
- Co-authored a workshop paper on low-resource Vietnamese VQA (under review).

## PROJECTS

**Vietnamese Visual Question Answering** *2025*

- Fine-tuned a CLIP-based model with LoRA; +6.2 accuracy points over baseline.

## SKILLS

**Programming:** Python, C
**ML:** PyTorch, LoRA/PEFT, CLIP, BLIP-2
**Languages:** Vietnamese (native), English (IELTS 7.5)
